PROFESSIONAL PV INVERTER TEST

SITE AND OUTDOOR TEST

Indoor: 100W – 10kW

Outdoor (LSS): 10kW – 10MW

**Certified with
MS ISO/IEC 17025:2017**

OUR SERVICES

Type of tests

- Power factor
- Current harmonics
- Direct current injections
- Under and over voltage
- Under and over frequency
- Voltage fluctuation
- Voltage flicker
- Response to utility recovery
- Anti-islanding
- Power Quality

**Comply to
IEC61727**

**with Endorsed Report
by Professional Engineer**
